B. K. NARAYANA RAO, Esq., B.A., M.B.C.M., M.R.C.S., (Eng.), D.P.H. D.O. (Oxon.),

Senior Surgeon with the Government of H. H. the Maharaja of Mysore.

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
Development Department, Bangalore.

Sir,

I have the honour to submit that at the suggestion of the Dewan some months ago, I called for proposals from the Deputy Commissioner and District Medical Officer, Kadur District, for improving rural medical relief in the district by establishment, as an experimental measure, of one or more itinerant dispensaries. After mutual consideration and correspondence, the District Medical Officer, submitted a scheme with practical details involving a recurring expenditure of about Rs. 2,400/- per year together with the usual initial cost of dispensary equipment plus the cost of a specially built cart and a pair of bullocks. He suggested a special cart and took pains to improvise a model which, was, however, found to be rather cumbersome and heavy. The District Medical Officer also submitted definite itineraries to be covered a whole week. Copies of his letter with enclosures are sent herewith.

As an initial step, I recommend that an itinerant dispensary on the same scale as that proposed for Karur Centre, Sagar Taluk, in my letter No.G.C. 305-15 dated 3-5-1940 might be sanctioned for Kadur District also. If the experiment succeeds, --as I expect it will,-- further itinerant dispensaries might be thought of during the course of next official year.

I append herewith, a statement showing the initial and recurring expenditure of an itinerant dispensary which will have to be met entirely by Government. As already explained in my letter No. G.C. 305-16 dated 3-5-1940, a sum of Rs. 8,500/- has so far been spent out of the

the provision of Rs. 10,000/- sanctioned for new dispensaries during the current year and the balance available is Rs. 1,500/-. I, therefore, recommend that one itinerant dispensary either at Karur or a place to be selected in Kadur District --whichever may be considered urgent--may be opened immediately and the other from 1st June 1940, necessary provision being permitted to be made in the next year's grant on account of the itinerant dispensary to be opened in June 1940.

I have the honour to be,
